

POWER PHRASES

Children develop higher order thinking by practicing different kinds of thinking. This also wires their brain for sustained interest, curiosity and persistence. You can model this for your children when reading or exploring by using power phrases!

I notice
he is running.

Shows how we observe our world and pictures in books for more information.

I wonder
where he is going?

Shows curiosity and a desire to learn more.

Tell me more
about your favorite part!

Encourages a child to express their ideas!
